

WAY IS PAVED TO TAKE CASE OF LEO M. FRANK BEFORE FEDERAL COURT

Through New Attorneys Claim Is Made That the Prisoner's Constitutional Rights Were Violated When He Was Not Brought Into Court to Hear Jury's Verdict.

DECLARES HIS LAWYERS HAD NO RIGHT TO WAIVE HIS PRESENCE IN COURT

Judge Ben Hill Fixes Hearing on Extraordinary Motion and on Petition of the New Attorneys for Next Wednesday Morning—Attorneys Make Statements.

In event the fight is lost in the state of Georgia to save the life of Leo M. Frank, the way was paved yesterday to carry his case before the highest tribunal of our land—the United States supreme court in Washington.

This was made possible at 10 o'clock Tuesday afternoon when Attorney John L. Tye, recently employed by Leo Frank, brought on before Judge Ben Hill during the recess of the court, the extraordinary motion and petition of the defense, the first constitutional rights issue of the Frank case.

Attorney Tye argued that the prisoner was unaware of the action of his attorneys, L. E. Rosser and Reuben R. Arnold, in waiving his appearance in the courtroom at the time the verdict was rendered last August. He declared that the defendant is constitutionally entitled to being present at such a time, and that counsel had no legal right to waive his presence on counsel's own initiative.

After Tye's motion to set aside the verdict of the court on the petition ground, the motion was argued before Judge Hill, and will be argued next Wednesday morning at 10 o'clock, at which time Judge Hill has set the date for the retrial hearing in his chambers in the old city hall building.

Attorney Tye's motion created a great surprise. The reading of the motion proceeded the filing of the motion by a new trial by Attorney Arnold and Rosser on grounds of newly-discovered evidence. It was a surprise that the firm of Tye, Phipps & Jordan had been employed in the present defense. Members of Frank's counsel stated Thursday afternoon that they had been employed by Tye recently, and that it was brought into the case by Frank himself.

Mr. Tye's motion was based simply on the ground that the right to be present at a trial is a constitutional right, and that neither he nor counsel could waive his presence at the trial without his consent. Furthermore, that Frank knew nothing of the action of his lawyers in waiving his presence on the day the verdict of guilty was pronounced.

"Frank was deprived of his legal right to be present at his trial," said Tye. "It is a constitutional right." Tye said.

Following the filing of both motions, Judge Hill ordered a rule nisi served on Attorney Hugh Brown, Attorney Arnold and Attorney Tye, to appear in his chambers on Wednesday morning at 10 o'clock, and which also indefinitely stay the execution of Leo Frank's sentence until the hearing on the motions.

CHOATE SAYS PACT MEANT TO OBLUDE SHIPS OF AMERICA

Official Correspondence Shows Treaty Was Intended to Exclude Exemption of Any American Vessels.

Taft's Address Used BY REPEAL ADVOCATES

The Ex-President Says He Thought He Was Granting Subsidy When He Signed Panama Canal Act.

Washington, April 16.—Joseph H. Choate, American ambassador to Great Britain, during the negotiation of the Hay-Pauncefote treaty, believes correspondence with the British government at that time precludes the idea of American coastwise shipping can be exempted from paying tolls through the Panama canal.

Former President Taft, who signed the Panama canal act, containing the exemption clause, thought that in doing so he was granting a subsidy to American coastwise shipping, and to take off six trains making stops at small stations.

Under the terms of the new order four fast trains will be daily operated between Atlanta and Augusta. This train will be an hour and fifty minutes faster than the trains now operated.

The railroad commission has granted the Georgia railroad the right to revise its schedule so as to improve the service between Atlanta and Augusta, and to take off six trains making stops at small stations.

Under the terms of the new order four fast trains will be daily operated between Atlanta and Augusta. This train will be an hour and fifty minutes faster than the trains now operated.

Gen. Huerta's Offer To Salute the Flag Accepted by Wilson

Formal Apology to United States for Arrest of Bluejackets Will Be Followed by Customary Return Salute to Mexican Tri-Color by America.

ALL ADMINISTRATION OFFICIALS BELIEVE THAT CRISIS IS ENDED

Time Not Yet Set for Firing Salute and Battleships Have Not Been Recalled—Large Naval Force Will Probably Be Kept in Mexican Waters.

Washington, April 16.—The United States government tonight accepted General Huerta's offer to salute the Stars and Stripes as an apology for the arrest of American bluejackets at Tampico a week ago today.

This arrangement, the details of which were being finally arranged tonight in an exchange of official messages between Washington and Mexico City, ended, in the view of all high administration officials, the crisis that had resulted in the dispatch of American war fleets to Mexican waters.

No time has been set for the firing of the salute, and, until the details are arranged, no further orders will be sent to the American fleets now proceeding south. It is practically certain, however, that while many of the vessels will be turned back, others will continue south, and a substantially increased naval force will be maintained in Mexican waters.

INVAULNERABLE CUSTOM TO RETURN SALUTE

Huerta's offer and request for a return salute caused President Wilson to ask for an opinion from the counsel of the state department and navy department officials. All agreed that it was the inviolable custom in naval practice to return a salute, and cited precedents.

The president also was informed that Rear Admiral Mayo, on making his original demand for a salute, agreed to return the courtesy.

Mr. Wilson said a return of a salute under such circumstances did not involve recognition of the Huerta government, but was merely an act of the same character as grasping the hand of an individual who was agitating as he extended it.

Secretary Bryan, too, took the view that the American salute would be given to the flag of the Mexican nation, just as much respected by the constitution as the Huerta government, and no technical recognition was involved.

STATE UNION LABOR TO ENTER POLITICS AS ORGANIZED BODY

Resolution Calling for Political Organization Unanimously Passed by Annual Convention at Macon.

EX-GOVERNOR BROWN SUBJECT OF ATTACK

Organized Union Labor of State Will Fight Former Governor if He Enters Race for United States Senate.

Macon, Ga., April 16.—(Special.)—The Georgia Federation of Labor, in annual convention here today, unanimously adopted a resolution authorizing the president of the federation to call a meeting of the delegations immediately after the convention adjourns for the purpose of organizing the state labor political association.

A resolution to this effect was introduced by Louis Marquardt, of Atlanta, chairman of the committee on president's message. It stated the object of the proposed association to be that of having labor legislation enacted and to get labor men in office wherever possible.

Nothing was said in the resolution that would justify it, it was reported after today's meeting that one of the things that prompted the resolution was in order that an organized fight might be made against Joseph M. Brown if he announces for the United States senate.

The committee appointed at the last convention to make reply to former Governor Brown's alleged attack on organized labor reported today that the report was brief, simple and to the point, and that the committee had made answer to the address by the ex-governor in a manner creditable to the movement and with honor and with dignity; the answer was printed and copies are available for all who want them.

The report ended by saying that "it is hoped that never again will the people of the state have their ears offended by such abuse."

World Fight Brown's Candidacy.

When an effort was made by B. P. Anderson, of Rome, to have \$145 left in what is known as the "Joe Brown fund" contributed to the striking textile workers at Rome, several delegates objected on the ground that "the money will be needed to fight Brown if he announces for the senate."

Other remarks uncompromisingly to the former governor were made by W. C. Puckett, of Atlanta, and C. C. Oprey, of Macon.

President Marks, declared, however, that "it is more important to aid the textile workers than it is to fight Joe Brown." Finally, the convention voted \$100 to the textile workers.

Legislation Indorsed.

The convention indorsed a number of legislative matters today, including the following:

Bill providing for a barber's license law.

The convention indorsed a number of legislative matters today, including the following:

Bill in congress providing that railroad employees shall not be required to work more than eight efficiency tests.

Fifty-four hour bill to be presented to coming legislature providing that no women or minors work more than 44 hours in any one week or more than 10 a day.

Bill to create the office of state master of public lands.

In addition to Dr. Sweet, five other physicians, members of the faculty, are under indictment. Witnesses testified that the accused had been doing nothing to alleviate the sufferings of those after they had been operated upon.

Counsel for Dr. Sweet in opening the case of the defense, declared that everything possible was being done to save the life of the accused.

Dr. Sweet and Dr. R. M. Pearce, also were subpoenaed to appear in their own behalf, denied charges of wanton cruel treatment, poor food and neglect.

Killed Saving Dog.

Charlotte, N. C., April 16.—An old Cherokee (Cherokee) Indian boy was struck and instantly killed by an automobile while crossing the street at Pembroke, N. C., when he attempted to save his dog from being run over by the automobile.

WOODWARD WELCOMES WATER AND LIGHT MEN

Two Hundred Delegates Assemble for Opening Session at the Piedmont Hotel.

The Tri-State Water and Light Association of the Carolinas and Georgia opened its annual convention Thursday morning in the convention room of the Piedmont hotel with about 200 delegates in attendance. Mayor Woodward delivered the welcoming address, with response by W. F. Stegert, president of the association. The annual address of the president, John H. Moore, of Atlanta, spoke along the lines of accounting systems for water and light departments and a talk upon

water-hour meters was made by L. W. Barnard, of Atlanta. The convention adjourned for lunch and resumed at 2 o'clock, when H. B. Grady, chief engineer of the department of agriculture, of Washington, D. C., spoke upon "Forestry and Water Resources." Mr. Grady said: "The problem of control of our water resources is one of the most important problems of the day. Streams are becoming more and more polluted, and the use of water resources becoming more and more restricted. The value of property affected either by floods or by irregularities of flow has increased. It is imperative that we have the control of streams to make them much more important than formerly. Even where actual floods have not increased in amount, the damage has increased. Measures must be taken immediately which only a few years ago were not essential. The country has increased demand upon water resources through the greater increase in the demand for electricity. The water problem is becoming a serious one. This talk was followed by a scientific address of pronounced merit by H. F. Conn, of Philadelphia, upon "Water and Its Purification for Industrial Purpose."

Every hat has the fall crown popular now, also the narrow brim belonging to the hat of fashion this year; some crowns taper in the seninit and rough straws.

Milans, Panamas, Bangkoks and Leghorns—the soft braids are very fashionable and all of these have brims that droop.

Methodist Leaders Coming For Old-Fashioned Revival

Bishop John C. Kilgo, one of the great leaders of the Methodist old-fashioned revival which starts tonight at 7:45 o'clock at St. Paul's Methodist church, the revival which will go back to the old Sam Jones days by its inspection, will last for a week. It is hoped this church will be filled to the doors tonight to welcome Bishop Kilgo, who is the principal speaker for the evening. There will be a strong service to open the Saturday morning meetings at 10:30 o'clock, led by Professor Rexell, the famous revival leader who will be here to take charge of the music throughout the revival. A large chorus choir has been organized along the Methodist which will participate in all of the services.

All Methodists and in fact, all the Protestant evangelical churches in Atlanta are invited to the revival. Revivalists are urged to help make the Atlanta revival a success.

At the 11 o'clock service Saturday, Sunday night at 7:45, he will preach again. On Sunday, there will be Sunday school rally at 9:30 a. m. and preaching at the regular service at 11 o'clock, with Bishop Kilgo and other speakers.

L. J. DANIEL RETURNS TO BEDSIDE OF SON

L. J. Daniel, the young son of L. J. Daniel of Atlanta, who is attending college at Riverside Military academy at Gainesville, and who has been ill for some time with pneumonia, grew worse yesterday and his condition is critical.

His father, who returned Thursday morning from a trip to Gainesville to visit the student, to the bedside again Thursday afternoon, and will likely remain until the crisis is passed.

2,312 CASES TREATED
BY ATLANTA CHARITIES

The Associated Charities of Atlanta has rendered its eighth annual report, which shows that 2,312 cases and 4,615 individuals were helped by the organization during the past year and \$12,118 was expended in doing so.

This fund was devoted to the actual necessities of the needy. The report shows that Atlanta could not possibly afford to be without an institution like this to look after the many who need help.

The headquarters for Bishop Kilgo and the other out-of-town speakers will be the Majestic hotel.

Dr. Fraser is planning to model these meetings after the old Methodist revivals which accomplished wonderful good throughout the south years ago, but which have been rather infrequent in this part of the country during the past few years. The object is not to confine the interest entirely to the Methodist church, but to hold a series of meetings which will benefit all.

WARN PUBLIC TO KEEP OFF RAILROAD TRACKS

Chamber of Commerce Committee Shows 5,000 Trespassers Are Killed Annually.

The public safety committee of the chamber of commerce met in the office of the chamber Thursday afternoon and discussed matters regarding public safety. The committee decided to begin at once a campaign to educate the public in the dangers of trespassing on railroad tracks. Letters are being sent to every member of the chamber of commerce and other civic bodies of the state calling attention to the matter and asking that they agitate it in their various communities.

It is said that out of 10,000 people

Killed annually by railroads, 5,000 are trespassers. The railroads are not responsible, nor liable for deaths caused, although they sometimes serve to pay burial expenses. Laws preventing such trespassing are now enforced in England and Germany. The bill to be introduced at the next legislature restricting "jumpy" trespassing is the outcome of careful consideration on the part of the public safety committee.

The committee on legislation of the chamber of commerce, Albert H. Hough, Jr., chairman, is at present drawing a bill to restrict trespassing on the next legislature, which requires that the bill be introduced at the next legislature for a given period of time. This bill is the outcome of careful consideration on the part of the public safety committee.

One observation is that it is mighty hard for a 15-year-old girl to have a car, two dummies and a group at the same time.

BAGWELL GRADUATE SCORES HOME RUN IN FIRST GAME WITH SUCCESS

Geo. W. Hoffer, After Only Eight Weeks' Training at Bagwell Business College, "Makes Good" in the Major League of Business Life. The Manager Writes That His Work is Entirely Satisfactory.

Every American boy knows instantly what it means when the captain says, "Play it safe." If you are going to make a "home run" to success—if you are going to "play it safe"—you must keep the road which guarantees success.

The hundreds of letters received by Bagwell Business College from the leading business houses giving their unqualified endorsement to the efficiency of the graduates are most conclusive evidence of the superiority of Bagwell methods and systems.

Short-hand and typewriting, book-keeping, bookkeeping and modern office methods as taught by this institution pay for themselves in a very short time in a paying situation, but to higher position and membership in the best of life affairs.

Skilled amanuenses, accountants and office assistants are in tremendous demand. The unskilled are a drug in the market. Atlanta business men are willing to pay large salaries to helpers that really help.

Mr. J. O. Bagwell, President of Bagwell Business College, Atlanta, Ga., writes: "I have known Geo. W. Hoffer, the young man whom we secured for our business college, for the past two or three weeks in a very satisfactory manner. You may be sure that he would not keep him if his work was not satisfactory, as we have no time to waste in getting a man who is not satisfactory. We are very glad to have a man who is 'with all the stencils or correct' in the office. Thank you for your service in this connection. I am, very truly yours, (Signed) W. F. HOFFER, Manager, 4 West Harris St."

Bagwell College teaches business as no other school in this section teaches

It insists on absolute thoroughness. The students have to work, but that work, the solid foundation of their brilliant future.

Bagwell Business College fits its students in the shortest time and at the least expense. It fits them to enter the best offices and "make good" from the student on the road to success.

The demand for Bagwell graduates is constantly growing. A passing mention awaits every one who completes the course.

There is a night class for those who cannot attend the day. For particulars and full information, address Bagwell Business College, 314 Luckie St., Atlanta, Ga.—(adv.)

GEORGIA BANKERS WILL CONVENE CITY TODAY

Geo. H. Titus, of New York,
Will Explain Federal
Reserve Act.

Since Atlanta's selection as the site for one of the government's new banks, the federal reserve act has been the most discussed topic among Georgia bankers. The subject, in its most important aspects, will be explained before the meeting of the Georgia Bankers' association, at its meeting in Atlanta today.

The speaker will be George H. Titus, of New York, assistant cashier of the National City bank, one of the most noted financial institutions in the United States. Mr. Titus will speak on "Some Phases of the Federal Reserve Act," and will explain many points which have not been exactly clear. Mr. Titus has made a study of the federal reserve act, and because of his knowledge of the current situation, his explanation of the country's history and his interpretations have been eagerly sought by bankers of note. "Rural Credits," another subject of keen interest to the bankers, will be discussed by J. W. Vaughan, vice president of the Bank of Georgia. W. D. Thomson, of the law firm of Vaughan, Thomson & Hirsch, Atlanta, will speak on "Legal Points in Every Banker's Practice."

The opening session will be held at 10 o'clock at the Piedmont Driving club. The local arrangement committee, composed of Carl H. Johnson, Central Bank and Trust company, Atlanta; J. J. Simpson, Exchange National of Home, and Ed L. Henderson, Commercial bank, Columbus, have arranged an unusually attractive program for the entertainment of the visitors, numbering about 150. A luncheon will be served at the DuPont hotel, and in the afternoon there will be a program of golf at the DuPont golf park, where the visitors will be taken to the game between Atlanta and Nashville.

MOTORCYCLE EXPERTS HOLD MEETING FRIDAY

The last meeting of the motorcycle riders of Atlanta will be held at Peachtree street at 8 o'clock Friday night. Every motorcycle in the city is expected to be present. The importance of the meeting will be brought up. All the riders that want to see the next run, to be held Sunday, April 19, should be present to receive the numbers and time cards. This run will be held over a 100 mile course at an average speed of about twenty-five miles an hour, on one day and night. The riders will give a supper at the Ansley hotel, to award the prize to the winner of the three endurance runs. The next event, that will be the most stage, will be an economy run. The winner of this event will be the man that can cover the greatest distance on a given amount of gasoline.

G. M. A. INSPECTION HELD BY CAPT. J. P. ROBINSON

The annual inspection of the Georgia Military academy was held Wednesday morning by Captain J. P. Robinson, of the general staff. The inspection was given with dress parade, review of colors, review and inspection. This was followed by Butts' manual drill in close and extended order, battalion drill in close and extended order, and a review of the bridge construction, fortification, first aid to the injured, sentry, wall scaling and field maneuvers. The exercises were witnessed by a large company of visitors in addition to Captain Robinson himself.

CARGILE WAS ALLOWED TO ATTEND FUNERAL

In the Constitution of Tuesday morning the statement was made that Governor Slaton had declined to allow Woodward Cargile, a convict serving a sentence in Butts county, to attend the funeral of his mother. This was an error, which grew out of two confusions in the statement. The governor wrote the secretary of the prison commission, in the absence of members of the commission, giving Cargile permission to go to the funeral, and he availed himself of the permission.

Governor Slaton has been extremely kind in such matters. Some time ago Thomas E. Stirling, who is serving a term in the state prison, was allowed a week at Columbus visiting his sick wife.

QUARRELS WITH UNCLE AND THEN DISAPPEARS

City detectives, the county police and juvenile court officers are using united efforts to locate Jack Burns, 17 years old, who disappeared from the home of his mother, Mrs. J. H. Starnes, in Center Hill, late Wednesday afternoon, after a dispute with a younger uncle. Mr. Starnes states that Jack became angry because of a little dispute and that when he did not come back at midnight, a diligent search was instituted, but without success.

WOLFE WILL EXPLAIN FEDERAL RESERVE ACT

Atlanta bankers and business men have evinced keen interest in the announcement that O. Howard Wolfe, secretary of the clearing house association of the American Bankers' association and president of the New York chapter American Institute of Banking, will be in Atlanta to deliver an address on the "Federal Reserve Act" at 8 o'clock Friday night at the Carnegie library. A committee of local bankers have been at work creating interest in the lecture and it is expected that every banker and bank employee will be in attendance.
